Details

Genesys resells Nuance products as part of our self-service offering. Products based on thirdparty products or platforms are dependent on vendor support and are subject to the vendor's product lifecycle. Nuance has announced the end of life for premises licensing for perpetual and subscription products by 30 June 2026. Because of this end-of-life announcement, Genesys will no longer be able to offer these products to Genesys Customers.

Customers with perpetual licenses and with active maintenance contracts will be fully supported by Genesys and Nuance until the End-of-Support date - June 30, 2026. Customers may continue to use their perpetual licenses after the End-of-Support date but will be unable to receive support from Genesys or Nuance.

Customers with subscription licenses will be fully supported by Genesys and Nuance until the earliest of the End-of-Support date – June 30, 2026, or the end of their subscription term. Genesys does not intend to extend Nuance subscription terms beyond the Nuance End-of-Support date.

Note that Nuance speech recognition and text-to-speech products are branded and sold by Nuance as "Nuance SpeechSuite". This announcement refers to the Genesys speech recognition and text-to-speech sellable items, which are based on Nuance SpeechSuite. Nuance SpeechSuite is included in the end-of-life announcement from Nuance and Genesys.

Migration & Entitlement

No entitlement is offered from Genesys or Nuance due to product retirement.

Nuance's recommended migration path consists of a third-party premises connector combined with Nuance Cloud services. This recommendation does not replace all existing Nuance functionality. Notably Nuance Recognizer Tier 4 is not available, and Nuance Vocalizer TTS will be replaced with Microsoft Azure Neural voices.

Customers have several options to maintain existing functionality:

- Migrate to Genesys cloud Engage Premises Customers moving to Genesys Cloud can find Nuance speech recognition, text to speech and bot technologies in the Genesys Cloud AppFoundry.
- Continue to use Engage Premises Customers choosing to remain on the Engage Premises platform can take advantage of the Nuance replacement recommendation. Genesys is currently investigating whether this replacement will be available through Genesys. This document will be updated once that decision is made.

Please contact your Account Manager or Genesys Product Support team for more details or assistance.

Note that products based partly or entirely on third-party products or platforms may be subject to accelerated end of life schedules due to the vendor's product lifecycle.

Frequently Asked Questions

Q: Why is Genesys retiring Nuance applications?

A: Nuance is a third-party product that is resold by Genesys. Products based on third-party products or platforms are dependent on that vendor's support and are subject to the vendor's product lifecycle.

Q: Will Genesys continue to sell Nuance applications post End of Life announcement?

A: Genesys will accept new sales or expansions of the existing subscription products up to the Last Order Date. Genesys will not accept new sales or expansions after the Last Order Date. Existing subscription licenses can be renewed after the Last Order Date, with term end dates up to the End-of-Life date.

Genesys is considering resale of the third-party premises connector and Nuance Cloud services to replace some existing Nuance premises products. Not all Nuance premises products have a replacement available. This announcement will be updated late in Q3 2024 once this decision has been made.

Q: What are the options for customers who want to purchase add-on licenses?

A: Add-on/expansion licenses will no longer be available after June 30, 2025. Please contact your account managers for expansion or migration options prior to June 30, 2025.

Q: What are customers' options?

A: There are several migration options for Engage Premises customers:

- Migrate to Genesys cloud Engage Premises Customers moving to Genesys Cloud can find Nuance speech recognition, text to speech and bot technologies in the Genesys Cloud AppFoundry.
- **Continue to use Engage Premises** Customers choosing to remain on the Engage Premises platform can take advantage of the Nuance replacement recommendation. Genesys is

currently investigating whether this replacement will be available through Genesys. This

document will be updated once that decision is made.

Please contact your Account Manager or Genesys Product Support team for more details or assistance.

Q: How do I purchase the third-party connector to Nuance Cloud?

A: Customers can contact Genesys account managers for information on migrating to to the combination of the third-party connector and Nuance Cloud Services.

End of Life Announcement Date

This is a general announcement, announcing the Last Order Date ("LOD") of commercially available Genesys products, and the corresponding EOM and EOS dates.

From the EOL Announcement date onwards, it will no longer be possible to quote product(s) or Maintenance and Support on the EOL products to new Customers.

Up until LOD it will still be possible to quote add-on Orders for additional Seats (or such other previously Ordered License Unit Type/License Element), or Maintenance and Support renewals for Customers who already have the applicable EOL product(s) installed.

Notwithstanding the foregoing, outstanding quotes issued prior to the EOL Announcement date will be honored until expiration of their validity date

Last Order Date

The ultimate date on which any additional Units of an EOL product can be ordered. From and after the LOD, no new quotes for such Units will be issued or accepted.

End of Maintenance Date

From this date, no Releases (e. g. fixes, updates, etc.) will be available for an EOL product.

End of Support Date

From this date, all Genesys Maintenance and Support obligations will be ceased.
